

Korniche Roof Lantern Measurement Guide

01

Upstand Size

We recommend the following:
Width: 70mm (minimum)
Height: 150mm (minimum)

02

Overhang

Your lantern should overhang the edge of your upstand by 6mm (12mm on all sides) for drainage.

03

Lantern Size

The lantern you need should be the external of your upstand + 12mm for the overhang.

04

Example

Lantern size: 2000mm x 1000mm
Overhang: 6mm (12mm all round)
External upstand : 1988mm x 988mm
Upstand width: 70mm (140mm all round)
Opening size: 1848mm x 848mm
